SADDLE YOUR BLUES TO A WILD MUSTANG

Saddle your blues to a wild mustang

And gallop your troubles away, away, away, away

Lopin' along with a cowboy song,

You'll fill up on sunshine all day, all day, all day

No worry worries you while you've got the drop,

Keep ridin' high and wide and don't ever stop

Those orn'ry nav'ricks need a strong, steady hand,

Yip 'em up, round 'em up, trip 'em up, tie 'em up,

Use your brand.

Saddle your blues to a wild mustang

And gallop your troubles away, away, away, away,

away.
